(2) ADDENDUM 1 TO FAR 52.212-4

Method of Deduction for nonreperformance. In accordance with FAR Clause 52.212-4(a), entitled "Inspection/Acceptance," the contractor is afforded an opportunity to reperform a service that was missed or not in accordance with the requirements in the Performance Work Statement. However, some products and services that are time sensitive and cannot be reperformed and may not be accepted for payment. Deductions for non-reperformance shall be made as shown below:

(1) AV Products: Cost for products and/or services delivered in a time frame outside the specifications for delivery time (priority 1, 2, or 3) shall be adjusted to represent the negative mission impact. Example: If a priority 1 poster is required for delivery NLT 1 working day after request and is not delivered until 5 working days after request, the value of the delivered product will be paid at the priority 3 level. If the delivery time is beyond the priority 3 scheduled time frame, the payment shall be 50% of the Priority 3 unit price. The government reserves the right to produce or have produced at the contractor's expense any product not delivered within scheduled time of the due date. Example: Priority 1 poster – delivered in 1 workday, cost: $10.00; Priority 1 poster – delivered in 5 working days, cost: $8.00; Priority 1 poster – delivered after 5 working days, cost: 50% of priority 3 cost. Priority 1 poster created at alternate commercial site, 5 day delivery = $20, contractor scheduled priority 3 cost = $8.00. Amount to be deducted from contractor's invoice = $12.00 ($20 - $8 = $12).

(2) AV Equipment Preventive Maintenance and/or Repair: The government reserves the right to repair or have repaired at the contractors expense any GFE equipment not maintained in accordance with this PWS. The government shall choose the repair site/vendor. Example: AF Video Camera (broken drive), repair time: 96 hours. Alternate site repair cost $1,200. Repair cost deducted from monthly invoice = $1,200.

Method Of Payment. Due to the period of time involved in the verification of actual work performed for the customer, each invoice will be annotated with the following note to preclude any possible delay in the processing of the contractor's invoice for payment.: "Invoice _____ in the amount of _____was received on _____. Certification of Production data has been completed and is the basis for payment. If discrepancies are found through pending surveillance (actual verification from the customer of work performed), a financial correction will be incorporated in a future _____ invoice."
